

15.0" - 17.1"

Notebook and printer in a pilot's case. The practical and elegant solution.

The proven DataBox Allround is now also available as the DataBox Allround XL for Note-books up to 17.1". The practical and especially robust Aluprofile case with extractable printer compartment enables the user to work professionally while on the go and ensures a safe transportation of Notebook and printer! Thanks to the unique "Floor-to-Desk" concept - which was developed by DICOTA - printer and power supply unit are connected and remain in the case during use. The Notebook can be operated freely on the table. Additionally, the DataBox Allround XL is lockable and two keys are included in the scope of supply. Data is transferred via a conventional printer cable or "Bluetooth". The 220/230 V socket on the case's outer shell provides the printer with power and charges the batteries. The DataBox Allround XL fits all current Notebooks up to 17.1" and following mobile printers: HP DJ 450, HP DJ 460, HP Officejet H470, Canon series i80/iP90 and iP100 with or without support of the Canon Portable Kit. Other printers upon request!

Optional equipment (not included in scope of supply):
The printer is perfectly mounted with DICOTA's „QuickFix" clamp. Furthermore available: A detachable Koskin outside compartment for documents as well as a removable Neopren in-side pocket from our Perfect-Skin series with which the Notebook can safely be transported without the DataBox Allround XL and a shoulder-strap

Particularly stable case. "Floor-to-Desk" concept. internal wiring. Lockable box, two keys are included in the scope of supply. 220 V power socket on the case's outer shell. data transfer via printer cable or via "Bluetooth". Optional equipment: Detachable side pocket, removable inner pocket as well as printer clamp "QuickFix".
